## **CUSTOMER ANNOUNCEMENT NOTICE**

### **Fuel Surcharge Implementation on IPI & RIPI Freight**

May 4, 2026

To our valued customers,

Effective May 18, 2026, Accem will implement a Fuel Surcharge (FSC) of 11.5% on all IPI and RIPI shipments due to ongoing increases in fuel costs. This FSC will apply to any cargo moving on or after May 18, 2026.

At Accem, we have made every effort to shield our customers from the recent increases in fuel costs. Unfortunately, with fuel prices remaining at elevated levels and transportation costs continuing to rise, this adjustment is necessary to maintain the level of service, reliability, and responsiveness you expect from us.

We appreciate your understanding and continued support. Should you have any questions or wish to discuss further, please do not hesitate to reach out.

Best regards,  
Accem Management
